**CITY OFFICIALS URGE RESIDENTS NOT TO TURN ON FIRE HYDRANTS**

*Use Of Hydrants Are Illegal And Jeopardizes Public Safety*

**CAMDEN** – Mayor Dana L. Redd, along with the Camden Fire, Police, and Public Works Departments, today reminded Camden residents to avoid turning on fire hydrants.

Opening/turning on fire hydrants is illegal and jeopardizes public safety because it lowers water pressure which can impede on the fire departments ability to fight fires. Residents are encouraged to report any open/turned on fire hydrants to the Camden Police Department at 856-757-7482 or to United Water (Emergency Number) at 856-488-2041.
